REVIEW

about the educational program of the second level of higher education specialty 076
«Entrepreneurship, trade and exchange activities»

Educational program of the second level of higher education, specialty 076 «Entrepreneurship, trade and exchange activities», developed by research and teaching staff of Bila Tserkva National Agrarian University on the basis of the Draft Standard of Higher Education in the relevant specialty. The educational program is structured accordingly. It defines the general and special competencies that must be mastered by the applicant of the second level of higher education, program learning outcomes, the system of assessing the quality of training of applicants in this specialty.

The disciplines that are included in the correspond to the goals and learning outcomes. The program provides further deepening of knowledge and skills of modern methods and technologies in enterprise management.

The program and curriculum of undergraduate training meet the established requirements. The list and scope of normative and elective disciplines, the sequence of their study, and the schedule of the educational process contribute to ensuring the compliance of program learning outcomes with the demands of potential stakeholders.

The peer-reviewed program is relevant, meets the public needs for training a modern specialist in this specialty. Subject to its successful completion, applicants for the master's degree will have every reason to carry out practical activities in the field of «Entrepreneurship, trade and exchange activities».
